Municipal Paint Collection Site Requirements

Alberta Recycling, through its Paint Recycling Alberta (PRA) division, is responsible for the management of Alberta's Paint Recycling Program under which paint collection incentive is provided to Municipal Collection Sites (Collectors) registered with the Program.

Eligible Paint Materials: (See Schedule A for detailed list)
Paint materials included in the Program at this time are as follows:

- Residential and commercial "architectural coatings" in original containers
  - Latex, interior and exterior paint
  - Oil-based interior and exterior paint
  - Wood finishing oils, stains, varnishes
  - Primer & Undercoats
- All Waste Paint Material Aerosols Containers (Spray Paint Cans)
- Empty paint containers
- Container sizes: 100 ml to 24 litres (five gallon pails)

These are the only products currently included in the Program. Any other non-paint or Household Hazardous Waste (HHW) materials should be collected and handled separately from paint materials.

Collector Requirements:
Collectors are required to meet the following criteria in their operations to be eligible for pickup of paint and receipt of incentives:

a) Register the Municipal Paint Collection Site with Alberta Recycling and have a paint collection agreement in place with a registered processor.

b) Eligible paint and paint containers are to be collected only in paint bins supplied by paint processors to ensure secondary containment and accurate calculation of collection incentives.

   i. Paint collected on pallets or other non-program approved storage containers does not qualify for incentives.

c) Maximize capacity of paint bin and monitor the collection and storage of paint & paint containers.

d) Spray paint cans are to be collected and stored separately from HHW aerosols.

e) Spray paint cans are to be collected and stored separately from paints and paint containers.

f) Collection Incentives are based on the attached Schedule B.

g) Paint collection sites must meet all applicable environmental, health, fire and safety regulations, and requirements.

h) Install signage provided by Alberta Recycling at paint collection area.

i) Collectors are encouraged not to charge the public a tipping fee for dropping off paint. If a fee is charged please indicate that it is at the discretion of the collection site and is separate from the environmental fee paid when purchasing eligible paint.

j) Contact your registered Processor for paint pick up.

Toll Free Fax: 1-866-990-1122
Website: www.albertarecycling.ca

k) Complete the Municipal Paint Collection Incentive Form and submit it to Alberta Recycling with a copy of the Processors Shipping Document (Bill of Lading or Manifest) attached. Keep a copy of the Collection Incentive Form on file for review purposes for a minimum two-year period.

l) All applications for incentives are made under the Program and subject to all terms and conditions of the Program.

m) Collectors will be subject to periodic reviews and site inspections to verify that the requirements are being met.

The attached Schedule A and B and Appendix are excerpts from the Waste Paint Material Recycling Incentive Program Requirements (the Program). The complete Program document is available on our website at www.albertarecycling.ca.

SCHEDULE "A" TO WASTE PAINT INCENTIVE PROGRAM REQUIREMENTS
WASTE PAINT MATERIAL ELIGIBLE FOR INCENTIVES UNDER THE PROGRAM

Subject to the terms and conditions of this Program, the following products (as defined in the Paint Designation Regulation and the Bylaws) in their original containers are specifically eligible for payment of Incentives:

1. Paint supplied in unpressurized containers with a capacity greater than 99 millilitres and less than 24 litres

2. All aerosol paints and blank aerosol cans

3. Empty paint cans & pails of eligible product

4. Latex and oil-based architectural coatings, including but not restricted to:
   a) Interior & Exterior latex, alkyd (oil) & solvent based paints and stains
   b) Concrete sealers and driveway non-tar based paints
   c) Colorants and Tints
   d) Enamels
   e) Interior & Exterior varnishes & single component urethanes
   f) Marine paint (non anti-fouling)
   g) Paint-based aerosols
   h) Porch, floor, fence, barn & deck paints and stains
   i) Pre-catalyzed and nitrocellulose lacquers
   j) Pre-catalyzed epoxies
   k) Primers, undercoats & water repellant sealers
   l) Rust & decorative metal paints
   m) Scenic, movie set paint
   n) Shellac and shellac based products
   o) Stone effects coating
   p) Traffic marking paints
   q) Tree marking paint
   r) Water borne lacquers
   s) Wood finishing oils and stains

SCHEDULE "B" TO WASTE PAINT INCENTIVE PROGRAM REQUIREMENTS
COLLECTION INCENTIVES

The Collection Incentives will be paid to Registered Collectors upon satisfactory receipt by the Authority of confirmation that Waste Paint Material has been delivered to, and received by, a Registered Processor.

The Collection Incentives will be based on the following rates depending on how a municipality chooses to handle paint in the collection process:

1. Non-aerosol containers (empty or containing Waste Paint Material):

    1.1. $0.22 for each Waste Paint Material container (other than aerosol containers), based on an actual count of containers; or

    1.2. $50 for each full Bin of Waste Paint Material (other than aerosol containers).

2. Aerosol containers (empty or containing Waste Paint Material):

    2.1. $0.05 for each Waste Paint Material aerosol container based on an actual count of containers; or

    2.2. $10 for each full Drum of Waste Paint Material aerosol containers; or

    2.3. $50 for each full Aerosol Receptacle, provided the Aerosol Receptacle has a capacity of not less than 1 m^3.

Appendix:
DEFINITIONS PER WASTE PAINT INCENTIVE PROGRAM REQUIREMENTS

1. "*Aerosol Receptacle*" means a bin, tote bag or any other container approved by the Authority for Waste Paint Material aerosol containers, including but not limited to a Bin, Tote Bag, Large Tote Bag or Drum;
2. "*Alberta*" means the province of Alberta including all of the City of Lloydminster;
3. "*Bin*" means a bin with a capacity of no less than 1,000 litres or 1 m^3, or as approved by the Authority, capable of providing secondary containment of Waste Paint Material;
4. "*Collection Incentive*" means an incentive payable to Registered Collectors under the terms of the Program as set out in Schedule "B";
5. "*Collection Site*" means a site operated or approved by a municipality for the collection of Waste Paint Material;
6. "*Drum*" means a drum with the capacity of 205 litres which provides acceptable containment of Waste Paint Material;
7. "*Environmental Law(s)*" shall include, without limitation, all present and future federal, provincial, municipal or other local laws, regulations, standards, rules, guidelines, orders or requirements respecting the environment, environmental protection, pollution, enhancement and enforcement, natural resources, conservation, health, chemical use, land use and occupational safety and health;
8. "*Incentive*" means any funding payable under the Program, as the context may require, including Collection Incentives and Processing Incentives (including transportation);
9. "*Ineligible Material*" means paint, paint containers or other materials or products which are not Waste Paint Material;
10. *"Large Tote Bag"* means a bag with the capacity of 1.2M^3 litres, capable of containing 1,200 Waste Paint Material aerosol containers;
11. "*Program*" means this Waste Paint Material Recycling Incentive Program, including the schedules attached hereto;
12. "*Registered Collector*" means a municipality registered with the Authority with a Collection Site that fully meets the terms and requirements of the Program;
13. "*Registered Processor*" means a Processor who has been registered by the Authority and who fully meets the terms and requirements of the Program;
14. *"Tote Bag"* means a bag with the capacity of 1M^3 litres, capable of containing 1,000 Waste Paint Material aerosol containers; and
15. "*Waste Paint Material*" means waste paint and paint containers as defined in the Paint Regulation which attract a surcharge pursuant to the Paint Regulation and Bylaws and which are no longer used for their original purpose, as further set out in Schedule "A", as may be amended from time to time.
