Notes:

1. This is not considered an exhaustive list. Products identified are examples based on Supplier inquiries. If you require assistance in verifying whether or not a particular paint product should be charged an environmental fee, please call Alberta Recycling at 1-888-999-8762 or email us at paint@albertarecycling.ca.
2. Pursuant to the *Environmental Protection and Enhancement Act, Paint and Paint Container Designation Regulation* and the *Paint and Paint Container Recycling Bylaw*, environmental fees must be remitted on all sales/supplies of designated eligible paint in or into Alberta. "Paint and paint container" includes with limitations, latex, oil or solvent based coatings, stains, finishing oils, varnishes, lacquers, wood or masonry treatment products and the container in which paint is supplied.

The following table provides examples of common products which are excluded from the Paint Program and should not be charged an environmental fee and are therefore not eligible for recycling under the program.
