

CHANGES TO THE ENVIRONMENTAL FEES FOR LUBRICATING OIL & MATERIALS

Beginning October 1, 2023, the eco fees for lubricating oil, containers and filters sold in Alberta will be adjusted to the following:

Lubricating oil:

- \$0.06 per litre or per kilogram

Lubricating oil containers:

- \$0.12 per litre of container size for containers made of high-density polyethylene (HDPE) or metal materials
- \$0.20 per litre of container size for containers made of non-HDPE or non-metal materials

Filters:

- \$0.55 for a filter less than 203 mm in length
- \$1.25 for a filter 203 mm or more in length

These eco fees have not been adjusted since 2011 and will provide increased support to the recycling activities of registered processors, municipal collection sites, and Ingenious communities.
